iPhone, iPad, Apple Vision

Whether you're connecting with your community for an upcoming activity or working with teammates on a project, Microsoft Teams helps bring people together so that they can get things done. It's the only app that has communities, events, chats, channels, meetings, storage, tasks, and calendars in one place—so you can easily connect and manage access to information. Get your community, family, friends, or workmates together to accomplish tasks, share ideas, and make plans. Join audio and video calls in a secure setting, collaborate in documents, and store files and photos with built-in cloud storage. You can do it all i more

Ok, so I broke down and downloaded the app to my iPhone sometime during the summer of 2021 because I supervise a lot of people and babysit the rest of the office so I was constantly being hounded by more

It's decent. 06/19/2022
